## GETTING NORMAL AFTER HEAVY SLEET STORM.

Some called it a "glaze storm," in referring to the recent visitation of sleet in this section, but to the old-timer it didn't matter what the new term was, it was sleet and heavy sleet to him. But, as the old saying goes, "It's all over now."

Up to last night Paris and Bourbon county had recovered in large measure from the sleet storm which came last Wednesday night and remained over with us until Saturday. Most of the debris has been removed from the streets, the disrupted electric light service has been restored in the residence section, and the telephone and telegraph people are rapidly repairing the damage done to their lines. No estimate of the damage done to the telephone equipment in the city and county has yet been given out, but it will mount up into the thousands. Service over the lines of the Paris and Lexington interurban, which was put out of commission late Wednesday night, was resumed Sunday morning after a large force of workmen had worked faithfully all through Saturday and Sunday night, making repairs. The city has been in partial darkness, owing to the repairs being made to the street lighting system, but it is expected that this will be but a temporary inconvenience, to be patiently endured under the circumstances.

The losses to be taken into consideration are those of individuals, private companies, telephone companies, electric light and power lines, interurban lines, and the city and county property. The grip of the sleet storm was felt most perceptibly on the farms throughout the county, where work was brought to a standstill. Stock feeding was rendered very difficult, and farms not supplied with silos and feeding barns experienced a great deal of trouble. Rains and melting sleet caused the creeks and branches to almost reach the flood stage Friday, but no material damage was done, so far as can be learned.

The tobacco markets, which were compelled to close down during the period of the sleet visitation, because of the lack of electric light and power, were resumed yesterday. Although the receipts were light, owing to the bad condition of the roads throughout the county, due to broken limbs and fallen telephone poles disputing the right of way, there was plenty of tobacco on the floors for the sales.

Managers H. H. Floyd, of the Cumberland Telephone Co., and J. J. Veatch, of the Central Home Telephone Co., stated yesterday that they hoped to have their lines in normal working order again in the

## BOY DISAPPEARED.

The authorities have been asked to keep a sharp lookout for Thomas Rice, aged seventeen, who disappeared Friday from the home of his parents, Mr. and Mrs. George Rice, of Old Pine Grove, in Clark county. Upon inquiry at the telephone office in Winchester it was learned that young Rice had accompanied a telephone crew out on the Lexington pike, and after a short time left them, stating that he was going to Paris or Lexington to look for a steady job. Inquiry made here failed to develop the boy's whereabouts. His parents and the authorities will continue the search.

## LEXINGTON ARTIST TO PAINT JUDGES' PORTRAITS.

Mr. Sudduth Goff, one of the most successful of the Lexington portrait painters, has been commissioned by the Bourbon Fiscal Court to paint the portraits of former County Judges Charles A. McMillan and Denis Dundon, to be hung on the walls of the County Court room. It has been the custom of the Fiscal Court to have the portrait of each retiring County Judge painted for this purpose.

A room in the court house has been arranged as a studio for Mr. Goff, who has begun sittings for his subjects. The work is expected to be completed and turned over to the Fiscal Court in a short time.

early part of this week. Large gangs of linemen have been busy pairing the lines and erecting poles, and every effort is being made to restore the service. Long distance connections have been partly established with most of the large cities, and business will soon be at a normal stage again.

County road forces and individual efforts have in a large measure removed the obstructions on the county roads, which kept travel blockaded for several days.

James Soper, representing the Power Grocery Co., of Paris, was caught in Mt. Sterling, endeavoring to reach home for Sunday. He was in company with John Brown, representing the Woolfolk Coffee Co. Both were marooned in Owensville again, withing two miles of Sharpsburg, and were forced to play the pioneer act of cutting down trees, rolling telephone poles off the pike, dragging fences and other obstructions from off the main right-of-way to enable them to get to the next town. They were stranded in the middle of Pickly Ash Creek, near Owensville, and had to be hauled out by a mule team. They spent the night at a farm house, getting into Mt. Sterling the next day. They reported the sleet storm as being the worst they had ever seen.

## DEATHS.

### TRENT.

—James M. Trent, aged seventy-seven, a well-known blacksmith, residing at Centerville, died Friday night at his home, following a stroke of paralysis sustained several days ago. Mr. Trent was a gallant Confederate soldier, and saw active service throughout the war between the States.

He is survived by his widow and four children, Mrs. W. J. Moore, of Montgomery county, John Trent, of Oklahoma; George Trent and Mrs. Lucy Logan, of West Virginia.

The funeral was held Sunday morning at eleven o'clock at the Centerville church. The burial followed on the family lot in the Jacksonville Cemetery.

### BRADLEY.

—Mrs. Mary R. Bradley, aged sixty-four, died Sunday morning at 5:30 o'clock at the home of her son, N. H. Bradley, on Vine street, after a long illness of pernicious anaemia. Mrs. Bradley is survived by three children, one son, Mr. N. H. Bradley, proprietor of the Paris Broom Factory, and two daughters, Misses Nevada and Mary Bradley; one sister, Mrs. A. Smithers, of Maysville, and one brother, Mr. William Blanton, of Brooksville, Indiana.

The body was taken to Maysville on the 7:45 Louisville & Nashville train this morning, for interment in the Maysville Cemetery, where services were conducted at the graveside.

### WAGONER.

—Mrs. Rachel A. Wagoner, aged fifty-two, died at her home near Millersburg, Saturday night, after a short illness of pneumonia. She was the wife of Joseph Wagoner, who with four children, Claude and Cray Wagoner, Miss Flossie Wagoner and Mrs. Nannie Ham, the latter of Millersburg, survive her.

Funeral services will be held at the family home, near Millersburg, at one o'clock this (Tuesday) afternoon, with services conducted by Rev. E. K. Kidwell. The body will be taken to Millersburg for interment in the Millersburg Cemetery.

### ISGRIG.

—Mrs. Ella Saunders Isgrig, aged seventy-eight, died at her home in East Paris yesterday morning at four o'clock, of cerebral hemorrhage. Mrs. Isgrig was the widow of Thos. Isgrig, who preceded her to the grave about thirty-three years ago. She is survived by one son, Daniel Isgrig, who resided with her at the family home in East Paris. The funeral will be held at the home in East Paris at three o'clock this (Tuesday) afternoon, with services conducted by Rev. Arthur Fox, pastor of the Paris Baptist church. The body will be taken to Cincinnati, where it will be cremated.

## MATRIMONIAL.

—County Clerk Pearce Paton issued a marriage license yesterday afternoon to Justice Johnson, a young farmer, and Miss Gracie Lee Thompson, aged seventeen, both of Clark county. The bride-to-be presented the following document, signed by her mother, Mrs. Emma Thompson: "This is to certify that I give all the County Clerks in the United States permission to issue my daughter, Gracie Lee Thompson, seventeen years old, license to marry Justice Johnson." The document was witnessed by Judicial Johnson.

### REDWITZ—OWENS.

—Miss Ruby Redwitz, of Harrodsburg, and Mr. John Edmund Owens, of Roseboro, North Carolina, were married recently in the Baptist parsonage, in Fayetteville, N. C., the Rev. Dr. Jones officiating. The bride is the daughter of Mrs. Bettie Redwitz, of Harrodsburg, and is a graduate of the Bourbon College, in this city, where she is pleasantly remembered for her many graces of character. She is also a graduate of the Louisville Conservatory of Music. She taught music at the Millersburg Female College several terms and this year has been Director of Music at the Roseboro, N. C., High School. Mr. Owens is cashier of the Roseboro Bank. After a wedding trip to points of interest in Florida, Mr. and Mrs. Owens will be at home to their friends, in Roseboro.

## CITY COUNCIL PROCEEDINGS

At a special meeting of the City Council, called by Mayor E. B. January, bids for the construction work on the new South Main street sewer were opened. Three bids were submitted as follows: George M. Eady & Co., Louisville, \$44,022.50; Walker & Co., Hamilton, Ohio, \$32,965; Lampton Wood & Co., Louisville, \$27,211.25. The Council adjourned until to-night, when the bids will be considered, and the final award made.

## MASSIE HOSPITAL CAMPAIGN EXTENDED THIS WEEK

The campaign for funds for the Massie Memorial Hospital, which was inaugurated in this city last week, and which has been the means of bringing in quite a nice little sum for the initial days of the campaign, has been extended to cover this week. On account of the inclement weather, the disruption of the telephone service, and other difficulties in the way of seeing the people, the list of subscribers is not as large as it would have been. But the committee intends to make a vigorous campaign this week, and hopes to see directly or indirectly every person in the city and county who would like to make a subscription to this fund.

All the solicitors are requested to meet at the Peoples Deposit Bank & Trust Co. to-morrow (Wednesday) night at 7:30 o'clock.

There were many subscription which were not handed in last week on account of the telephone wires being down, and telephones being out of commission. Many people were unable to get to Paris on account of the blockaded roads, due to the sleet. Other subscriptions will be announced later. The following is a partial list of the subscribers:

At a recent meeting of the officials of the Deaconess Hospital, in Cincinnati, it was shown by the report of Superintendent Lohman, that the same conditions that obtain at the Massie Memorial Hospital, were present there. The report pointed out especially the increasing cost of maintenance of patients during the past four years. It was shown that in 1914, to keep a patient one day in 1914, but in the last year it had cost the Hospital \$3.47 for the same purpose, an increase of one cent. over 100 per cent. Superintendent Lohman stated that they had fought against raising rates, but finally when the deficit in the operating account came near to the \$6,000 mark, they were compelled to raise the prices from fifteen to twenty per cent. Superintendent Lohman announced a gift of \$7,000 from the Gemble estate. Here is a chance for some generously-inclined Paris man or woman who desires to emulate this example.

## READ OVER THIS NOTICE.

The \$20,000 we are asking for the keep of the Massie Memorial Hospital is not to be used for just the current year, but is a fund to bridge over future deficiencies, throughout the coming years, or until such a time as conditions may become normal.

## KEEP THE GOOD WORK UP.

On account of the flu epidemic last year and the added expense incident to it, we were compelled to use up the small surplus of money on hand. We have got to keep this good work up and appeal to the people of Bourbon County to help The Massie Memorial Hospital. Bourbon county heretofore has been 100% in keeping up its very own institution. Subscribe for the Massie Memorial Hospital to-day.

## DID YOU KNOW YOU COULD NOT REPLACE YOUR HOME FOR TWICE WHAT IT COST YOU?

Your home built in 1914 cost to build and furnish \$8,000.00. The insurance on it was \$6,000.00. It is now worth \$15,260.00. Is the insurance on it still \$6,000.00.

Property values have increased—have you increased your insurance? Consult the Home Fire & Marine Insurance Company Agent in your town.

In five years building cost has increased 127 per cent., clothing 129 per cent. Consequently there has been a great increase in the values covered by the usual policy on "dwelling and contents." The same is true of near every kind of insurable property.

Late increase in values has more than covered depreciation. What was sufficient insurance five years ago may not be half enough now. To you the real value of your property is what it would cost you to replace it.

If you were burned out to-day, would your loss draft from the insurance company pay its rightful share of the present cost of replacing your property?

If you haven't enough insurance, permit us to consider with you what amount you should carry. While you have the matter in mind we would be pleased to have you phone or step in at our office.

Very truly yours,

## A FEW PARAGRAPHS REGARDING "FREE PUBLICITY"

There is apparently an idea in the minds of many promoters of schemes, legitimate and illegitimate, that newspapers, and more particularly country newspapers, are suffering for copy and should be supplied with it. The only stipulation is that the publisher shall crowd it into his space gratis. It is a beautiful system; the promoter well and our readers perhaps like his stuff; in conformity to his idea many of them come in on the ground floor and he profits. Possibly those who come in profit. The publisher is the only loser.

The flood of publicity matter which comes to the newspaper office in circular form, beginning "Dear Editor," and suggesting always that our readers are certainly greatly interested in the campaign to make the Eskimos use bath-tubs or will be delighted to learn why railroad fares or meat prices ought to be higher instead of lower is tremendous. Four waste-baskets of the stuff each week are thrown out. By careful figuring we have determined that it costs the "free literature" people to write, type and mail this publicity to our office not less than twenty dollars a week.

The newspapers in the past few years have given to the Government and the allied organizations doing war work many columns of this gratis publicity. It was a matter of patriotism. They stand ready now to help worthy organizations that deserve help, but there should be reason in the thing. Advertising space is a commodity just as groceries or clothing are—it is hard to make some people believe this, but it is a fact. There is as much logic in asking for a suit of clothes as there is in requesting free of charge fifty dollars' worth of advertising. A case of tomatoes or half a column of reading matter—is there any more sense in giving away the latter than the former, especially to some one you never heard of or cared to?

There are, to be sure, many organizations that deserve and will receive all the help we can give them. The Red Cross, the Associated Charities and the governmental agencies can have what they feel they want from us. But as for that other mass of words, if you want to read it, you'll have to dig it out of the waste-basket.

## A 200 YEAR JOB.

At the present rate 200 years will be needed to finish mapping the world. Great areas remain unexplored and little is known of millions of square miles of land. By using the aeroplane for map making this work may be done in the next twenty years. Instead of climbing mountains and laboriously measuring the land foot by foot, we shall do the work while flying a hundred miles an hour. A special camera is placed in the bottom of the car and photographs are taken automatically, so many to the second or minute. These photographs are then fitted together in what is known as a mosaic map which shows every house of towns or cities and every road and tree of the country. No such maps have ever been made before. The aero map is one of the inventions of the war which will prove invaluable.

Will power only accomplishes its end when it can successfully combat won't power.

## SAYS CARRANZA CAUSED RAIDS ON AMERICANS.

SAN ANTONIO, TEX., Jan. 26.—President Carranza and a few of his principal lieutenants instigated and directed the long series of raids on American properties that began along the Rio Grande early in 1915, according to documentary evidence placed before the Senate subcommittee investigating the Mexican situation.

This was supported by testimony by John A. Wallis, the District Attorney at Brownsville, Tex.; L. R. Barnes, in charge of the United States army intelligence work along the border during the war, and other witnesses.

The committee obtained from them and from documentary evidence information purporting to show that not only were the highest Mexican officials cognizant of the program of the raiding parties which was carried out under the provisions of the "plan of San Diego," but that as late as June, 1915, they were still giving encouragement to and aiding those who participated in those raids in plans inimical to the United States.

Incident to the taking of testimony regarding Mexican Government officials connected with the "plan of San Diego," further information was obtained as to the success encountered by Germans in bidding for the sympathy and support of Mexico during the war and the present alleged drift toward Bolshevism.

T. B. Altendorf, a Pole, who was in the intelligence service of the American army during the war, was placed on the witness stand long enough to identify Mario Mendez, the Director of the Telegraphs in Mexico, as one of those whom Minister von Eckhardt kept on his payroll during the war.

Altendorf said Mendez's job was to see that copies of all messages from the United States bearing on military affairs were delivered to the German delegation.

A new note on the Bolshevik movement in Mexico came from a copy of a letter written by Linn Gale to L. C. A. K. Martens, the Bolshevik representative at New York.

"Knowing you are the financial agent of the Russian society in New York," Gale wrote, "I take the liberty of asking you if you can give me financial aid in my propaganda in Mexico."

He added the explanation that he was the editor of a magazine devoted to the furtherance of radicalism. He explained that he went to Mexico to evade the army draft, "and since then," he added, "I have established very close relations with the Mexican Government, which I have urged to Bolshevise the country, and which will, I believe, do so. have been extended unusual help in various ways by President Carranza and his prime minister, Secretary Barlanga."

Summarized, the plan of San Diego, a copy of which was read in the record, follows:

"The States of Texas, New Mexico, Colorado, Arizona and California, are to be invaded simultaneously with uprisings of Mexican and negro citizens on the American side. A separate government is to be established and reannexation to Mexico requested. Six other States contiguous to this territory are to be carved out of the United States to be formed into a negro republic, under the protection of Mexico. This is to be accomplished in a ruthless manner. All male Americans more than 16 years of age are to be killed."

The document itself is about 2,000 words long.

## DOCTOR'S PATIENT GAINS 17 POUNDS

Prominent Physician Continues To Use Tanlac In Practice With Surprising Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large numbers of letters that are now being received daily from scores of well-known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga. Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified endorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows just as it was written:

Fayetteville, Ga.  
Mr. G. F. Willis, Atlanta, Ga.  
Dear Sir:

I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much cannot be said about Tanlac. It certainly has cured him.

Respectfully,  
J. T. EDWARDS, M. D.

Mr. McGough's statement follows:

"I suffered from indigestion and could not eat anything but what would hurt me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn and gas on the stomach after eating. My appetite was irregular and my food failed to nourish me. This trouble caused me to get very poor—in fact I got so thin and weak I was hardly able to go about."

"I bought three bottles of Tanlac on Dr. Edwards' recommendation, and I am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work."

"I now recommend Tanlac to everyone who is sick like I was and wishes to take something that will help them."

Tanlac is sold in Paris by the Peoples' Pharmacy. (adv)

## THE FIRST SUEZ CANAL

The pride of modern men in their works of engineering is somewhat abashed when reflected upon the extent of the public works of ancient peoples. Three thousand years before Christ the Egyptians had suggested building a canal across the Isthmus of Suez, and before 200 B. C. the canal was a reality. The course of this original canal was from the mouth of the Nile to the Red Sea, a somewhat longer course than the one now followed. Neco, a monarch of 600 B. C., attempted to restore this waterway after centuries of disuse, but failed after heroic attempts.

It was about this time that an Egyptian ship sailed around Africa, a journey which took three years. Because the sailors insisted that the sun rose on different sides of the ship during its voyage down and its course back home, the story of the voyage was discredited by the scientists of those days.

Napoleon was the first modern monarch to seriously consider building a Suez Canal, but it was not until the middle of the 19th century that the waterway was built, this time by Ferdinand de Lesseps at a cost of about \$100,000,000.

Freezone is magic! Corns and calluses lift right off—

Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

The fellow who was born with a silver spoon in his mouth doesn't necessarily stir up things.

## REPORT OF JETT SALE

Auctioneer George D. Speakes makes the following report of the sale of stock, crop, farming implements, etc., belonging to Porter Jett, conducted on the farm on the Redmon pike, near Paris, Friday: Good crowd in attendance, and bidding lively. Farming implements of all kinds brought satisfactory prices. Cows sold \$95 to \$195 each; sixty-opund shoats, \$3.75 to \$9.50 each; brood sows, \$35 to \$40 each; sow and pigs, \$45; horses, \$15 to \$100 each; chickens, 90 cents to \$1.15 each; fifty barrels of white corn in crib \$3.50 a barrel; fodder, 67 cents a shock.

## NO GREAT ACT OF HEROISM REQUIRED.

If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there the many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual. (adv-Jan)

## PRICES GO UP WITH SKIRTS NEXT YEAR.

The Style Committee of the National Cloak, Suit and Skirt Manufacturers' Association recommended skirts from three to four inches shorter than at present for the 1920 season in its report at the closing session of the annual convention in Cleveland, Ohio.

The committee decreed that skirts next season will be from seven to nine inches from the floor for women and about ten inches for misses as compared with four to six inches for women and six to eight inches for misses at present.

Skirts, the style makers say, will be "frankly short," but without abbreviation. One thing to be avoided if one wishes to be stylish, is the extreme. Tunic and plaited skirts will be worn.

Fullness at the hips will be a feature of many of the smart spring suits.

Sleeves will fit snug and close to the tailored suits. The three-quarter length sleeve will be favored on the tunic and short, jaunty models. Sport suits for spring and summer wear are recommended. Novel belts of leather and metal, and a new type of collar-long, slender and rolling—will be a detail of the suits. The Lord Byron and Peter Pan designs will be popular.

The newest wrap for women is not unlike the old Roman toga, a graceful, enveloping garment that can be tucked up and pulled together.

"Prices of coats, suits and skirts will stay up," said Michael Printz, of Cleveland, Chairman of the Style Committee.

## DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful. (adv)

## TEN CENT OIL INVESTMENT BRINGS \$25,000.

One dime invested in oil has brought an Oklahoma man \$25,000. The joy of watching an investment of ten cents climb to \$25,000 seldom comes to many persons. The lucky man is Edward Galt, of Ardmore.

When Edward Galt was blocking acreage for the discovery well at Healdton he approached Chas. Von Weise, who held a lease on the Walton Davis farm, in section 6, 48-3-W. Von Weise had leased the farm from H. W. McGill and paid 25 cents an acre, which was a fair price at that time. Galt asked for the acreage in exchange for the drilling of the well. Von Weise agreed to give him the acreage which called for a 16 per cent. royalty, provided Galt would allow him to retain a royalty of 2 1/2 per cent. This was agreed to and Galt returned to Von Weise the rental fee of 25 cents an acre and started to refund 25 cents, which had been paid for notary fees and had only 15 cents in his pocket, which left Von Weise 10 cents short and which constituted his only investment in the property.

More fortunes are being made in the Burk-Burnett field than the Alaskan gold fields ever yielded in the greatest rushes. There are more persons in Wichita Falls now than the gold rushes in the Klondike and other big strikes in the frozen North. This is the opinion of Capt. W. T. Jones, globe trotter and explorer, who is in Texas in the interest of Philadelphia capitalists.

## LOCAL MAN CAN EAT ANYTHING HE WANTS NOW

O. G. Lytle Glad to Recommend Volatonic to Everybody.

O. G. Lytle, of 1219 Pleasant street, Paris, is a linotype operator in a printing office and he said his confining employment caused his system to become run down.

"I sit at my machine eight to ten hours a day and don't get any exercise," Mr. Lytle said. "As a result my system got out of order. My appetite became poor and the little food I did eat didn't digest properly. I felt weak and run down."

"Volatonic was recommended to me and I decided to try it. I have found Volatonic to be a great 'Builder of Strength.' It has brought back my appetite and has helped my stomach so much that I can eat anything I want and enjoy it. My digestion is excellent now, also."

"I notice that Volatonic has helped my liver and kidneys, too, and that they are working properly now."

"I think Volatonic is a good medicine and I am glad to recommend it to everybody who is weak and run down."

Volatonic, "Builder of Strength," brings the weakened, run down man or woman a good appetite, good digestion, good blood and good nerves. It helps the stomach take strengthening nutrition from food to nourish and build up the body and system. Volatonic also soothes the nerves and permits sound, energy-restoring sleep at night. As a result, the former weakened, run down man or woman soon gains full normal strength and health.

Volatonic, "Builder of Strength," is being specially introduced in Paris by Varden & Son, druggists. (adv)

## RACING EVENTS FOR THREE KENTUCKY TRACKS

The fact that the spring date question has not been settled has not deferred General Manager Matt J. Winn from arranging his racing program. The stake events for the three Kentucky tracks have been made public and never before in the history of the turf has there been such an array of feature events carded.

Latonia shares with the other tracks in having more big events carded and extra money added in nearly all of them. The Latonia Derby has a rival as a feature attraction in the Independence Handicap, to which \$15,000 has been added, and this event will vie with the Derby in attractiveness.

All of the old-time fixtures have been retained and three more added, they being the Latonia Oaks, for three-year-old fillies, at one mile and a quarter; the Ten Broeck Handicap, for three-year-olds, at one mile and a quarter; and the Daniel Boone Handicap, for three-year-olds and up, at one mile and a half, to which \$10,000 will be given away.

In all \$80,000 will be added to the stake events for the spring meeting.

To the Kentucky Derby \$30,000 has been added, making this event the richest race run in America. No stake event at Lexington will have less than \$3,000 added, and \$5,000 will be added to even the minor events at Churchill Downs and Latonia.

### LATONIA.

Clipsetta Stakes—Two-year-old fillies; five furlongs; \$5,000 added.

Harold Stakes—Two-year-old colts and geldings; five furlongs; \$5,000 added.

Cincinnati Trophy—Two-year-olds; six furlongs; \$5,000 added.

Latonia Derby—Three-year-olds; one mile and a half; \$15,000 added.

Latonia Oaks—Three-year-old fillies; one mile and a quarter; \$5,900 added.

Ten Broeck Handicap—Three-year-olds; one mile and a quarter; \$5,000 added.

Independence Handicap—Three-year-olds and upward; one and three-sixteenths miles; \$15,000 added.

Daniel Boone Handicap—Three-year-olds and upward; one mile and a half; \$10,000 added.

Enquirer Handicap—Three-year-olds and upward; one mile and a sixteenth; \$5,000 added.

Quickstep Handicap—Three-year-olds and upward; six furlongs; \$5,000 added.

Inaugural Handicap—Three-year-olds and upward; one mile and a sixteenth; \$5,000 added.

### LEXINGTON.

Hinata Stakes—For two-year-olds; four furlongs; \$3,000 added.

Idle Hour Stakes—For two-year-olds; four furlongs; \$3,000 added.

Ashland Oaks—For three-year-old fillies; one mile; \$3,000 added.

Bluegrass Stakes—For three-year-olds; one mile and a furlong; \$3,000 added.

Ben Ali Handicap—For three-year-olds and upward; one mile and one-sixteenth; \$3,000 added.

Camden Handicap—For three-year-olds and upward; one mile and a quarter; \$5,000 added.

### CHURCHILL DOWNS.

Debutante Stakes—For two-year-old fillies; four furlongs; \$5,000 added.

Bashford Manor Stakes—For two-year-old colts and geldings; four and one-half furlongs; \$5,000 added.

Spring Trial Stakes—For two-year-olds; four and one-half furlongs; \$5,000 added.

Kentucky Derby—For three-year-olds; one mile and a quarter; \$30,000 added.

Kentucky Oaks—For three-year-old fillies; one mile and one furlong; \$5,000 added.

Proctor Knott Handicap—For three-year-olds; one mile and a quarter; \$5,000 added.

Kentucky Handicap—For three-year-olds and upward; one mile and a quarter; \$10,000 added.

Clark Handicap—For three-year-olds and upward; one mile and one sixteenth; \$7,500 added.

## PARIS EVIDENCE FOR PARIS PEOPLE.

The Statements of Paris Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof.

Public statements of Paris people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites your doubts.

Here's a Paris man's statement. And it's for Paris people's benefit. Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

Phillip M. Heller, proprietor meat market, 722 Main street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. At times my back was weak and lame and the kidney secretions passed too frequently, making me get up often at night. I have used a box of Doan's Kidney Pills at these times and they have always rid me of the complaint. I think they are a splendid kidney medicine and gladly recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## Few Women Misanthropes.

We grant that one often sees a woman with a dog in her lap and that one would suppose by her action that she prefers a poodle to a man animal. But, if you gumshoe after her and run her down, you will find that there is a man somewhere that she will shake the dog for, every time. It is very seldom that you will find a woman misanthrope.—Los Angeles Times.

## GOVERNMENT'S WASTE OF PAPER.

The United States is at once the world's greatest publisher and the most wasteful. Its printing office at Washington employs 5,300 persons. Last year over 61,000,000 of government publications were issued, many of them of no interest to any one and they were mailed to a million people, whose names appear on the government's free list. According to Senator Fletcher, of Florida, millions of these publications a year have to be disposed of as junk, without being unwrapped or read.

A few years ago, 1,400,000 accumulated publications, many bound in the best grades of cloth or leather, weighing 950 tons, were sold at 8 cents a pound and last year 2,623,500 publications were condemned and sold almost for a song. A committee is trying to invent some way to stop the waste, but it will more than probably pass it up. Congressmen, generally, are opposed to curtailing anything that might in the slightest way add to their changes of holding on to their jobs.

To this great waste of good white paper is largely attributed the shortage and high prices of the product that is now worrying publishers. The man or set of men who can accomplish a much-needed reform will be public benefactors and it is hoped that they will materialize.

## WHEN MEALS HIT BACK

"Pape's Diapepsin" instantly Ends Indigestion, Sourness, Stomach Acidity

Are lumps of undigested food causing you pain? Is your stomach acid, gassy, sour, or have you flatulence, heartburn? Then take Pape's Diapepsin.

Just as soon as you eat a tablet or two of Pape's Diapepsin all that dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapepsin never fail to make sick, upset stomachs feel fine at once, and they cost very little at drug stores. (adv)

## "I'M NO SPRING CHICKEN," WRITES WOMAN IN WILL.

When Lydia E. Mires, of San Francisco, Cal., who died a few weeks ago, felt age coming on she wrote her will, filed in the Superior Court, in this vein:

"The only will I ever made. It appears that every one has to pass away from this world, and as I am not a spring chicken any more I suppose I will have to go, too, at some time. I wish I knew when."

She then named friends and relatives to distribute "what little estate and things I may leave that I can't take with me." She asked that gifts be made to various persons who had been kind to her.

"I want my father taken from Stockton Cemetery and buried on the right of my mother," she wrote, "and I want to be laid on the left side and no other way. I claim to be of sound mind as I ever was and this is my only will."

She left property in Sacramento worth about \$3,000.

## A Kind Provision.

Apparently the men who talk all the time never grow dumb, but those who are compelled to listen all the time have a tendency to deafness. Nature protects her children ultimately.—Houston Post.

There are more than 5,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand, likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.

## FINED AND JAILED FOR SHOOTING AT WIFE.

In the County Court, Saturday, Ike Holman, colored, was assessed a fine of \$25 and costs by Judge George Batterton, on a charge of breach of the peace. Holman could not pay the fine and was sent to jail. It was alleged that Holman became very much peeved when he found his wife riding in a buggy with another man, and drawing his artillery, pumped three shots into the atmosphere in order to frighten her. He was also alleged to have become angry because his better half had failed to have his "chittlings" supper ready for him on time, as she had promised.

## REGARDING THE LOCAL INFLUENZA SITUATION.

Dr. A. H. Keller, City Health Officer, received the following important telegram from Dr. A. T. McCormick, Secretary of the State Board of Health:

"Louisville, Ky., Jan. 26. 'Until further notice, please wire me at eight each morning, Government rate collect, number of cases and deaths from influenza and from pneumonia previous twenty-four hours.

"A. T. McCormick, Sec'y." The importance of the above telegram to all concerned is clear, and especially, to the physicians of the city and county, by and through whom alone can necessary information be obtained. The State Board of Health is exhausting all the resources within its power to prevent an epidemic of influenza, with reasonably good prospect of success, and is therefore seeking hearty cooperation of the Kentucky physicians, who are earnestly requested to report as above to local Health Officers each preceding evening. Bourbon county physicians should call Dr. A. H. Keller, local Health Officer, at his residence, either phone, after six o'clock in the evening.

## At Public Auction

On the premises, on the Hume and Bedford pike, one and one-half miles from Paris, Ky., on

**Thursday, January 29, 1920, at 10:30 A. M.**  
IN FOUR TRACTS, AS FOLLOWS:

TRACT No. 1—Contains about 109 acres, 70 acres of which is old blue grass sod, 16 acres was broken out of old blue grass sod last year and one crop of tobacco raised on it and is now sown in wheat and blue grass. 15 acres in heavy clover and about 8 acres in corn stubble which was broken out of blue grass sod last year. This tract is well watered and fenced and has no waste land. Improvements consist of a handsome two-story brick residence of eight rooms, with all modern conveniences, splendid cellar under entire house, cistern at back door, all necessary outbuildings in good repair; splendid 18-acre tobacco barn. TRACTS Nos. 2 AND 3—Each contains about 10 acres of old blue grass sod, all splendid tobacco land, face on the pike and each has a splendid building site.

TRACT No. 4—Contains about five acres and is all old blue grass sod. All these tracts adjoin each other. These farms are about one and one-half miles from the Interurban car line, with a large frontage on the pike. It was formerly the Earl Ashbrook stock farm and has been well cared for. It is perhaps the best Bourbon county farm now on the market and there are none better when improvements and fertility of soil are considered.

For further information call on A. W. ShROUT, owner, Millersburg, or Harris & Speakes, Real Estate Dealers, Paris, Ky. We will take pleasure in showing the farm to prospective buyers.

TERMS—Easy and made known day of sale.

## The Kirtley Shropshire Farm

In Scott County, Ky., 7 Miles From Georgetown

## 625---ACRES IN FIVE TRACTS---625 AT PUBLIC AUCTION

**Friday, January 30th, 1920,**

**AT 10:00 A. M., ON THE PREMISES**

This fine Scott county farm is situated in a splendid neighborhood and is centrally located amid Paris, Cynthia, Georgetown and Lexington. It has much scattered timber and all improvements and fences are practically new. Mr. Shropshire, an excellent farmer, has used this farm extensively as a stock farm, thereby adding much fertility to a naturally fine body of land. In fact, this farm is only a short distance from the land that grew the prize \$1.15 per lb. crop of tobacco in the Burley Belt this season. Much of this farm is in fine old blue grass sod, ready for tobacco. A new pike is being built from Leesburg Pike, three-quarters of a mile into this property. The constructor of this new macadam road is under bond to have same completed by July 25, 1920.

**Tract No. 1**—Contains about 190 acres and fronts on the Leesburg Pike, also new pike. It is highly improved by this beautiful and convenient country home of six rooms, large presses, hall and bath, glassed in side porch enclosing cistern, large attic, concrete cellar and walks, acetylene lighted; fine young orchard; double garage, coal shed, 3 hen houses, meat house, 4-room servants' house, 50x80 stock barn with 12 roomy double lined box stalls, tongue and grooved floored loft over 3-4 entire barn, 1200 bu. oat bin, gear room, also stock scales inside, 2 mule sheds attached, running water system throughout, 200 barrel corn crib, 40x84 tobacco barn with stripping room attached. All stock buildings painted red. This tract is well fenced and well watered by 3 good ponds and 2 springs; **118 acres in old blue grass sod**; 30 acres in barley, 12 acres in young clover, 10 acres in new blue grass, 20 acres in timothy and clover.

**Tract No. 2**—Contains about 130 acres, adjoining Tract No. 1 and fronts on new pike, and is improved by 8-room frame dwelling, all necessary outbuildings, 40x60 barn. This tract is well fenced and well watered by cistern and 2 never failing springs, one of them supplying a pond, the other a large concrete tank. **90 acres in old blue grass sod**, balance in blue grass, clover and timothy.

**Tract No. 3**—Contains about 40 acres, adjoins Tract No. 4 and fronts on Leesburg pike, also on new pike,

and is improved by 7-room frame dwelling, all necessary outbuilding, 40x48 stock barn with tongue and grooved loft floor entire barn, 8 box stalls and oat bin. This tract is well fenced and watered by creek and engine in pump house supplies water through barn. It is in a high state of cultivation, being in clover, excepting 3 acres in wheat. **Tract No. 4**—Contains about 100 acres, adjoins Tracts 3 and 5 and fronts on new pike. It is improved by 56x120 barn with stripping room attached. This tract is well watered by springs and pond and is well fenced. 18 acres in wheat 12 acres in timothy, clover and blue grass, 8 acres in old clover, **62 acres in old blue grass sod**. **Tract No. 5**—Contains about 130 acres, adjoins Tract No. 4 and fronts on new pike. It is improved by a nice 6-room modern cottage, freshly painted and having a good artesian well at door, all necessary outbuildings, new 60x60 ft. barn with 16x44 ft. concrete silo attached. This tract is well fenced and is watered by 2 springs, 15 feet deep pond with concrete wash way, 30 acres in wheat sowed to blue grass (splendid stand) balance in old clover and timothy sod, excepting 8 acres in corn, hogged down. This is a splendid opportunity offered the public to obtain one or more small improved farms at the public's own price, as the owner has consigned to us this farm to be subdivided and sold without reserve or by-bid.

TERMS—Liberal and made known on day of sale.

At the same time and place we will sell the following personal property: 1 Shorthorn bull, registered; 1 pair 5-year-old mules, horse and mare 15½ hands high; 1 pair 7-year-old mare mules, 16 hands high; 100 barrels good seed corn, sold in one-bushel lots; lot of clover seed; lot of timothy; lot of blue grass seed; 5 head of yearling steers, weight 900 pounds; 4 head yearling heifers, 800 pounds; some cows; six 500 to 600 pound calves; 500 or 600 concrete blocks, lot of fodder, some corn in shock, lot of timothy-hay, lot of clover hay, 27 head of sheep, 7 head of lambs, 12 brood sows, 1 registered Duroc Jersey boar; also household and kitchen furniture, farming implements and other things too numerous to mention.

## HEALTH AND WELFARE LEAGUE MEETING.

The regular monthly meeting of the Bourbon Health and Welfare League will be held in the County Court room in the court house, Thursday afternoon, January 29, at three o'clock. This will be an important business meeting, at which interesting matters will be considered and discussed.

## HELP THE HOSPITAL.

Maintenance costs has increased 2 1/2 times what they were in 1914. It is for this reason that we have to seek outside help to keep the Massie Memorial Hospital open.

## BOURBON NAVAL RECRUIT.

Samuel D. Smith, of North Middletown, enlisted as an apprentice seaman at the Lexington navy recruiting station Saturday. He was sent to the naval training station at Gulfport, Miss., to report for training. The report for the week shows Lexington to be the second city in the State in the number of recruits secured for the naval service.

## REV. COMBS TO LECTURE HERE FEBRUARY 12.

The Woman's Society of the Paris Christian Church has secured Rev. Gilbert R. Combs, formerly pastor of the Paris Methodist Church, to deliver his famous lecture, "Folk Lore of The Mountains," in Paris, on the night of February 12. The admission has been placed at fifty cents. The proceeds will be devoted to special church work, which the women of the Society have undertaken. (1d)

## INSURANCE AGENTS MEET.

About twenty-five District Agents and Assistant Superintendents of the Metropolitan Life Insurance Company in this district, were guests Saturday of Superintendent J. T. Tucker, in this city. A business session was held in the Metropolitan offices in the Masonic Temple, at which matters of vital importance were discussed.

At the conclusion of the morning session the visitors were guests of Superintendent Tucker at Stout's Cafe, where they were treated to a sumptuous menu, where toasts were made and responded to.

## SKULL CRUSHED BY FALL DOWN STEPS.

An unfortunate accident happened last night by which Mrs. J. W. Hilton, of South Main street, lost her life. Mrs. Hilton, who is the wife of a well-known Louisville and Nashville railroad conductor, was descending a staircase at her home, when she tripped and fell to the bottom, a distance of twenty feet. She was rushed in the ambulance to the Massie Memorial Hospital, but died a short time after reaching there. Her skull was fractured by the fall. The body was removed to her late home on South Main street. She is survived by her husband and two sons, Joseph, aged twelve, and Eugene, aged eight. The body will be taken to Richmond, her lod home, for burial.

## REPORT OF HENRY SALE

George D. Speakes and M. F. Kenney officiated Saturday as auctioneers at the sale of live stock, crop and farming implements belonging to Dr. D. S. Henry. The sale was held on the premises on the Georgetown pike, near Paris. On account of the disagreeable weather and the difficulty of reaching the premises on account of blockaded roads and the sleet, the attendance was small, but everything brought good prices. Cows sold for \$75 to \$212.50 a head; heifers, \$40 to \$50 a head; mules \$75 to \$210 a head; horses \$75 to \$125 a head; hay sold for \$22 a ton; hogs for \$11 to \$31 a head. The farming implements brought satisfactory prices.

## REMARKABLE DEAL IN BOURBON LAND.

One of the most remarkable deals in the history of Blue Grass real estate was consummated in Paris when James Martin sold the Joseph Farris farm, near Millersburg, containing 112 acres to E. H. Carr and C. C. Chanslor, for \$48,000. Mr. Farris, while Jailer of Bourbon county, about three years ago, bought the farm for \$17,000. He sold it a year ago to Mr. Carr, of Versailles, for \$26,000. Mr. Carr sold it a few weeks afterward to A. W. Shroat, for \$27,000. Mr. Shroat in turn, disposed of the farm to James Martin for \$39,000. Last Saturday the latest deal was carried through when Mr. Martin disposed of the farm for \$48,000, a gain of \$31,800 in three years over the original selling price.

## SOCIAL AND PERSONAL.

## Comings and Goings of Our People Here, There and Elsewhere.

**Export of Cattle.**

Live cattle were first exported to England from America in 1861, but it did not become a regular business until several years later.

**DON'T PUSH.**

Many interesting things have been learned of late about the mechanics of great crowds. To look down upon a mass of people or to struggle through it, the group seems to be governed by no rules whatever. When a crowd is lined up along a sidewalk to watch a parade for instance, the greatest pressure is exerted on the third line behind the front. It has been found that the mass force of a crowd even when each man in it is unconscious of pushing, it often irresistable. Each one pushing just a trifle develops a force which will tear down the heaviest timbers. The police who attempt to stop it are swept aside. People are crushed to death in this human vise. The moral is, when in a crowd, don't push.

## WHY IS A HEADACHE?

Pepto-Mangum Enriches and Builds Up the Blood.

Pallor, Headaches and Shortness of Breath Disappear

Pepto-Mangan Sold in Liquid and Tablet Form

Why should any girl or young woman continue to have a pale, sallow complexion and a listless, run-down system devoid of energy and vitality?

Such young folks are continually unhappy and dejected simply because they accept such a condition as their misfortune, and envy their friends who are in the bloom of health and enjoying all the good things of life.

If such young women would realize that their anemic condition is probably due to thin, impoverished blood, which could easily be enriched by Gude's Pepto-Mangan, how much happier and attractive they would be.

Gude's Pepto-Mangan is a safe, beneficial and pleasant tonic for anyone suffering from any ailment caused by poor blood. If taken regularly for a few weeks it will enrich the blood with thousands of the healthy red-blood cells that are needed to carry nourishment to every part of the body.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. (adv)

## MAKE MAPS FROM AIR

Airplanes to Be Used to Chart Amazon Area.

French Experts Plan to Survey Route of River From Flying Machines.

Paris, Brazil.—Airplanes may be employed to map the valley of the great Amazon river. If the French are successful in their effort to use aircraft for surveying the routes of the rivers of French Guiana, it is understood the Brazilian government will apply the same method to the survey of the Amazon and its affluents.

A French company is said to have been formed in Cayenne, with hangars on the Maroni river, and French aviators with flying experience gained in the war are being employed to run the 25 hydro-airplanes said to have been furnished by the government.

In addition to making maps, the machines will be employed for carrying valuable freight, mails and passengers. There are immense rivers in French Guiana, which, because of the presence of many rapids, are now only navigable in canoes, which take weeks to transport freight over distances which the hydro-airplanes can cover in as many hours, with always large stretches of smooth water offering a suitable surface for landing and "take-offs."

The freight charges are said to be high, and the traffic is expected to consist mainly of gold, balata and essence of rosewood, which are the principal exports of the colony. The passenger business is not expected to be heavy.

These hydro-airplanes will also be used for prospecting the forests for balata trees, which grow in groups, so that the foliage can, it is said, be readily distinguished by aviators flying low over the tops of the forest trees.

In the past the securing of fresh sources of balata has been a work of much danger and difficulty. Specially trained balata workers, well armed, traveling in bands of 15 or 20, have been employed to explore the forests, and they had to carry with them supplies to cover many months.

## STUDENT COSTS \$641.60 YEAR

Tuition Expense to Princeton University, for Which He Pays But \$174.

Princeton, N. J.—President John Greer Hibben of Princeton university authorized the following statement:

At the request of the university authorities, Treasurer H. G. Duffield of Princeton, has just completed a study of the actual cost to the university of educating a student.

The figures show that for the years 1912 to 1917 it cost an average of \$641.60 annually to educate an undergraduate. Toward this the student paid an average of \$174 in tuition fees. Thus, a student who attended Princeton received, in effect, an actual gift from the university each year of services and work involving an outlay on the part of the university over and above the amount the student paid of \$467.60.

The statement asserts no increase in tuition fees is contemplated.

## FRENCH HELD IN PRISONS

Captive Returned From Germany Tells of Being in Solitary Confinement in Fort.

Dijon, France.—Germany still retains French prisoners of war in close confinement. It is claimed by Louis Pouchet, a French volunteer, who was taken prisoner in 1918, and returned to his home here recently.

He declared that he, with two comrades, was tried before a court-martial for attempting to escape, and was sentenced to ten years' imprisonment in a fortress. He was taken to Danzig, and the others were sent to Koenigsberg. The French mission from Berlin which visited the Danzig fortress discovered, according to Boucher, several prisoners in solitary confinement, and had them released. Boucher was among them. French war office records had carried the word "disappeared" against his name.

## GERMANS WANT WHITE HOUSE

Propose to Spend 22,000,000 Marks for an Official Residence for President.

Berlin, Germany.—Plans are under way to spend 22,000,000 marks for the purchase and equipment of a residence for future German presidents, something on the line of the White House in Washington or the Elysee in Paris, but necessarily less pretentious. The pan-German papers are opposing the idea and one of them remarks sarcastically that the plan does not entirely fit in with Erzberger's talk about "utmost economy."

## Numbers for Fong Sings.

San Francisco, Cal.—So many Fong Sings appeared to charges of violation of the federal narcotic laws that Federal Judge William Van Fleet of the federal court here was forced to place them in numbered chairs, such as "Fong Sing No. 1, Fong Sing No. 2," etc., down the line. Each was treading on the other's toes, so to speak, and all the attorneys and all the king's men had a terrible time parting them again. Forty-two Chinese faced the charge of selling narcotics without a license.

## DEER BEG FOR FOOD

Invasions in Yellowstone in Search of Food.

Animals So Tamed by U. S. Protection They Follow People Around.

Denver.—Deer, which invade kitchens of houses in search of food, and beggar bears, which waylay automobile tourists and pedestrians along the roads, are examples of the extent to which the protection furnished by the government to the wild game within the boundaries of the various national parks has tamed the animals, according to Horace M. Albright, superintendent of Yellowstone National park, and assistant to Stephen M. Mather, director of national parks, who came to Denver recently to attend the meeting of park officials.

"One night shortly before I left, I went to a dance," said Mr. Albright. "I took home a pitcher of cider and a plate of doughnuts. When I reached the house I placed them on a back step, while I unlocked the door. A noise behind me caused me to look around and there was a big mule deer with his nose buried in the pitcher of cider. He followed me into the house for one of the doughnuts, and when I gave it to him, he trotted off."

It is no unusual sight, declared Albright, to see deer entering and leaving a house in Yellowstone. Small children feed them from their hands, and beggar bears, he declared, have come to be one of the biggest attractions of the park.

"They wait beside the road until an auto or party of pedestrians approach, and then get up on their hind legs and extend their front paws for contributions," Albright said.

The tameness of the animals has its drawbacks as well, because it makes them easy for pot hunters if they happen to stray beyond the park boundaries.

## Broadway's Latest Is Rag Doll on Arm

New York.—With a rag doll, 12 inches long, dangling to a ribbon from her arm, Mrs. Carl Lamb, Philadelphia, wife of Lieutenant Lamb, U. S. N., created a small-sized sensation on Broadway recently. The doll, "Patsy Dooley" by name, was brought along, said Mrs. Lamb, "to keep me company." She is going to China soon, she said, and will take "Thomas Squeelix," a brother to "Patsy," along with her.

## FINDS HIS STOLEN PICTURE

Artist Discovers Painting at Art Dealer's Taken From His Studio 16 Years Ago.

New York.—Among the products of his own brush prized most highly by Childe Hassam, was a picture which he painted when beginning his career in the Latin quarter of Paris three decades ago, and although it disappeared 16 years ago, when he was moving from one apartment to another in this city, his recollection of it never faded entirely.

Recently Frank K. M. Rehn, son of an artist and himself a dealer in art at 6 West Fifth street, called on Mr. Hassam to inquire as to the authenticity of a picture attributed to him and previously acquired by the dealer. When Mr. Hassam entered the dealer's gallery and viewed "Flower Girl Selling Peonies," he at once recognized his long-missing painting. As Mr. Rehn had bought the painting he demurred against giving it back without being reimbursed.

Mr. Hassam began an action in the supreme court for the recovery of the picture or \$1,000.

## BRITONS LACK CHORUS GIRLS

Slow to Turn to Stage After Long Period at Other Work During War.

London.—England is experiencing a shortage of chorus girls, according to some theatrical agents and stage managers.

Plenty of young women are still anxious to get into the limelight, but experienced girls are said to be far less plentiful than they were. One theatrical agent has explained the situation thus:

"During the war a large number of chorus girls, show girls and other 'small part ladies' left the stage for other work. Some are remaining in it permanently; others have not yet come back to the theater. Many girls, too, were married to officers during the war. Even salaries of four pounds (\$19.40) are not tempting girls to go out of London."

## Blew Out 90 Lights.

Rochester, Minn.—With 13 relatives and members of his family about him, C. C. Wilson, a Rochester attorney, celebrated his ninetieth birthday here. A cake sufficiently large to cover an ordinary table contained 90 candles. Wilson blew out the candles one at a time and when he got through he intimated that he would perform a more important feat ten years hence. Wilson is believed to be the oldest practicing attorney in the Northwest.

## COMMONISTS IN GERMANY PLOT

Seized Documents Disclose Plans  
Are Projected for Organ-  
ized Murder.

### NEW TACTICS ARE ADOPTED

Agitators Are Fattening on Proletari-  
an Funds. Some of Which Ema-  
nate Directly From Bolshevik  
Russia—Plots Disclosed.

Berlin.—Communists of a dangerous  
type are afoot in Germany. Their  
plots for the winter are coming to  
light. These range from mild demon-  
strations to organized murder. And,  
while leaders are innocently declaring  
that the intentions of both independ-  
ent socialists and communists are  
peaceful, the government is constantly  
rounding up documents proving that at  
least among certain groups of com-  
munists there exist plans of the blood-  
iest nature.

Government disclosures leave little  
room for doubt that some of the wilder  
spirits among the Spartacists proposed  
to form a murderband that would do  
away with political opponents.

#### Dire Work Projected.

For instance, Munich newspapers.  
Prussian Minister-President Hirsch  
and the military are authority for re-  
velations in the closing days of Sep-  
tember, showing that, among other  
things, the Spartacists planned the  
following:

(a) To do away with a large num-  
ber of officers and soldiers in Munich,  
slaying them as they slept; (b) that a  
group of reds from Munich proposed  
to blacklist a number of prominent of-  
ficials, draw lots, and then "put away"  
the condemned; (c) that, particularly  
in Munich, plans were afoot for crea-  
tion of red "shock troops," to use  
against the regular military—particu-  
larly against monarchist officers; (d)  
that, in cases of demonstrations, wom-  
en and children were to be put in the  
fore ranks to shield the cowards be-  
hind from the machine guns of the  
government troops; (e) that the com-  
munist government should ally itself  
with the anarchist-syndicalist groups.

All evidence at hand in the last few  
weeks has shown quite conclusively  
that the Spartacists and the independ-  
ents were endeavoring to prove con-  
clusively to Germany and to the world  
that they had moderated. Certainly,  
in general, they adopted a new course  
of tactics from that pursued last win-  
ter and spring, when rioting and blood-  
shed were the order of the day. Their  
new course appeared to consist in fo-  
mentation of strikes and other internal  
troubles with a view to embarrassing  
the government and hampering the  
national life that the existing regime  
would be overthrown. Now, however,  
the evidence of the government con-  
tained in documents seized from im-  
prisoned Spartacists shows that where-  
as sabotage and kindred weapons  
were probably favored by the bulk of  
the communists, there was another  
group that believed in "direct action"  
of the worst sort.

The murder of Government Inspector  
Blau in August led the government to  
probe even more deeply than before  
into the secret workings of the com-  
munist group.

#### Many Arrests Made.

This general investigation led to a  
number of arrests, including the haul  
at Halle, wherein about a dozen of very  
radical stripe were captured. It also  
proved to the government's satisfac-  
tion that Blau was killed by reds.

Munich continues to be a fruitful  
source of communist agitation. Some  
of the reddest of the reds have their  
headquarters there. From these head-  
quarters issue secret orders which ev-  
ery now and then fall into government  
hands and prove that not only are  
these agitators willing to harm, and  
even halt, the national industrial life,  
but have no really sincere desire to  
benefit the laboring man.

Instead, it has been shown, the agi-  
tators are fattening on proletarian  
funds, some of which emanate directly  
from bolshevik Russia and others of  
which are collected from the "breth-  
ren" in Germany, Austria and Czecho-  
Slovakia.

Part of the program of these agi-  
tators is to give their course an air of  
respectability by recruiting "intellec-  
tuals."

#### Woman Dog Catcher.

Denver, Colo.—"The only woman dog  
catcher in the world" is the title ap-  
plied to Mrs. Laura Dietrich, deputy  
pound mistress at the dog pound here.  
Mrs. Dietrich is highly efficient in the  
unusual role, according to William C.  
Fox, superintendent, who declared  
that he had misgivings at first as to  
the advisability of securing a woman  
for the position, as he thought it would  
be too difficult. "However, I soon  
discovered that dogs resist a woman  
much less than a man," he said. "They  
are handled by Mrs. Dietrich with  
much less trouble than by a man."

#### Pearls in Oysters.

Beloit, Wis.—Forrest Wilson bought  
a quart of oysters for 50 cents. When  
eating them he bit on something hard  
and found it to be a pearl. A few  
seconds later his son had a similar ex-  
perience. The stones had not been  
cooked enough to harm them. The  
largest one is worth \$50 and the small-  
er \$10, making \$60 in two bites.

## STATE EXPERIMENT STATION TOBACCO REPORT.

The range of tobacco prices for all  
classes of tobacco raised in Kentucky  
is higher than at any time except at  
the opening of the market and to-  
bacco is being brought to market in  
greater volume than at any time  
during the season. One noticeable  
feature, however, is taking place;  
the finer types of tobacco are either  
holding their price level or increas-  
ing in value while the poorer grades  
are settling to lower levels.

There is a large quantity of com-  
mon types of tobacco still to be mar-  
keted and the preponderance of this  
type is likely to break the market  
sometime during the coming month.  
The following is a quotation from  
Tobacco, an English tobacco jour-  
nal:

"Despite the threat of dearer to-  
bacco and cigarettes in the New  
Year, stocks were never larger, and  
shipments of tobacco leaf has been  
suspended at Liverpool owing to the  
enormous stocks held in the bonded  
warehouses. The Liverpool repre-  
sentative of Tobacco states that the  
total value of the raw material at  
the port reaches 18,000,000 pounds  
(approximately \$86,400,000.) The  
stock there has increased from 60,-  
000 to 120,000 hogsheads, and the  
duty on each is 150 pounds. All the  
bonded warehouses in London, Glas-  
gow, and Bristol also are full."

### A ROMANCE NIPPED

Romances may sometimes develop  
at a movie show—and sometimes  
they get nipped in the bud. This  
happened at The Alamo one night  
recently. THE NEWS man took a  
seat behind a young woman and an eld-  
erly companion who was perhaps her  
mother. Everything seemed to go  
on about normally until the young  
man in front suddenly kicked the  
foot of the young woman in front  
of him.

Evidently she did not resent it,  
and he, perhaps thoughtlessly, did  
not take the trouble to remove his  
foot. And then the girl did one of  
those original things so characteris-  
tic of women. She produced a  
handbag with a mirror attachment,  
and, while ostensibly powdering her  
already lily-white nose, she glanced  
in the mirror to see what the modern  
Romeo behind looked like.

Whether she was satisfied with  
the picture in the mirror could not  
be determined, but evidently she  
was, because her elderly compan-  
ion, evidently or possibly her moth-  
er, getting suspicious, told the  
young lady to put on her hat, and  
they departed. Thus the romance  
ended.

### THE BEST COUGH MEDICINE.

When a druggist finds that his  
customers all speak of a certain  
preparation, he forms a good opinion  
of it and when in need of such a  
medicine is almost certain to use it  
himself and in his family. This is  
why so many druggists use and recom-  
mend Chamberlain's Cough  
Remedy. J. B. Jones, a well known  
druggist of Auburn, Ky., says, "I  
have used Chamberlain's Cough  
Remedy in my family for the past  
seven years, and have found it to be  
the best cough medicine I have ever  
known."

#### When a Man's Sick.

It is when we are sick that we make  
the hardest call on our philosophy of  
life. It is the most difficult of men-  
tal feats to be resigned to physical suffer-  
ing and incapacity. There have been  
cheerful sick men in history, like  
Alexander Pope, it is true, but they  
were and are few and far between.  
Julius Caesar, for instance, proved to  
be a very querulous man when he  
was sick.

### TO THE DYSPETIC.

Would you not like to feel that  
your stomach troubles are over, that  
you can eat any kind of food that  
you crave? Consider then the fact  
that Chamberlain's Tablets have  
cured others—why not you. There  
are many who have been restored to  
health by taking these tablets and  
can now eat any kind of food that  
they crave.

(adv-Jan)

#### Titles Occupational.

An English newspaper suggests the  
use of generic names for household  
help, as, for instance: "Palmer" for  
parlor maid, "Tenny" for general  
"Scully" for scullery maid, and so on.  
All very well, but suppose in the first  
case there were three parlor maids,  
would it distinguish them as "Palma,"  
"Palmer" and "Palmist"?—Boston  
Transcript.

### DON'T YOU FORGET IT.

Bear in mind that Chamberlain's  
Tablets not only move the bowels  
but improve the appetite and  
strengthen the digestion. They con-  
tain no pepsin or other digestive  
ferment but strengthen the stomach  
and enable it to perform its func-  
tions naturally.

(adv-Jan)

#### The Old Roman Household.

In the days of old Rome the culinary  
department of an elegant establish-  
ment boasted pans lined with silver  
and palls of various descriptions rich-  
ly inlaid. There were egg frames that  
would cook twenty eggs at once, and  
gastry molds shaped like shells, and  
an infinite assortment of griddles, fry-  
ing pans, cheese graters and tart  
dishes.

—The heavy sleet here Thursday and Friday was very destructive. Shade trees were badly damaged, many completely ruined, and telephone and electric poles were demolished. On Friday morning there were but six telephones of the Home Telephone Company in operation, and not many more of the Cumberland. There was no serious damage to pedestrians from falling on the ice, although quite a number were badly shaken up. Friday and Saturday the streets were badly blocked by falling telephone poles, wire and trees. During the time of the greatest destruction, the mercury was only a few degrees below freezing. It was the most destructive sleet in many years. Most of the electric light damage was repaired by Saturday morning. We are completely isolated, both at home and with the outside world in telephone communication.

### FORMER GOV. WILSON ANNOUNCES FOR SENATOR

Augustus E. Wilson, former Governor, has indicated an intention to become a candidate for the Republican nomination for United States Senator on the ground that he is entitled to make another race against Senator J. C. W. Beckham, who defeated Wilson in 1914. He said he wanted to have the fight all over again, "under circumstances quite different from those that obtained different from those that obtained."

Wilson said it was his understanding that Colonel A. T. Hert, National Committeeman from Kentucky, and other party leaders had agreed upon Richard P. Ernst, of Covington, as the logical man to make the race.

This, Mr. Wilson declared, would have no effect on his candidacy. He recalled that in a former primary for the Senatorial nomination, when the organization was against him, he defeated Mr. Ernst by 7,000 votes.
